The wireframe depicts a web browser interface with a grey header bar containing navigation icons (back, forward, search) and a search bar. Below the header is a yellow main content area. In the top right corner of the yellow area are 'Log In / Sign Up!', 'Family Friendly' (in blue), 'Events', 'Create', 'Support', and a user profile icon. The central part of the yellow area features a large black title 'Events'. Below the title are four identical event card components arranged horizontally. Each card has a blue header labeled 'Activity' and a white body containing 'iframe location' (repeated four times). Below each body are four white sections: 'Date and Time', 'Age Range', and 'Description', followed by a 'Join' button at the bottom. On the far left of the yellow area is a double-left arrow icon, and on the far right is a double-right arrow icon.

Family Friendly

The image shows a browser window with a light gray header bar containing standard navigation icons (back, forward, search, etc.) and a title bar that says "Family Friendly". The main content area has a bright green background. At the top left is a small square icon, followed by a blue link "Log In / Sign Up!". In the center, there's a blue "Family Friendly" logo above a large, bold black "Support" heading. To the right of the heading are three blue links: "Events", "Create", and "Support", along with a user profile icon. Below the heading, a text block reads: "This Page is dedicated to help parents in their daily lives by giving and sharing tips and informations about parenting from education to mental health." Three white rounded rectangular boxes are positioned below this text: "Useful Contacts", "Parenting Tips", and "Forum". A large black double-headed arrow points downwards between the "Parenting Tips" and "Forum" boxes. The entire page is set against a white background.

Category ▾

Education

Boost your child self-esteem:

- Kids start developing their sense of self as babies when they see themselves through their parents' eyes.
- Praising accomplishments, however small, will make them feel proud.

[More Info](#)

Pain Management

Teething:

- Try giving your baby something to chew on such as a cool teething ring
- Massage your child's sore gums with a sugar-free teething gel
- Use mild sugar-free pain relief if your child wakes at night and is irritable

About Us! Events

Family Friendly is a community based platform where Families can get together and enjoy activities.

It promotes Togetherness, mobility, physical and mental health.

Here you can Join activities created by your community and have a good time !

You can as well create an activity and encourage people to got out :). There is as well a support page where you will find useful contacts, parenting advices and the access to a forum where you can ask questions and discuss them ;).
